1. Home

Map-first home with a search sheet. The mic sits in the search bar for voice booking.

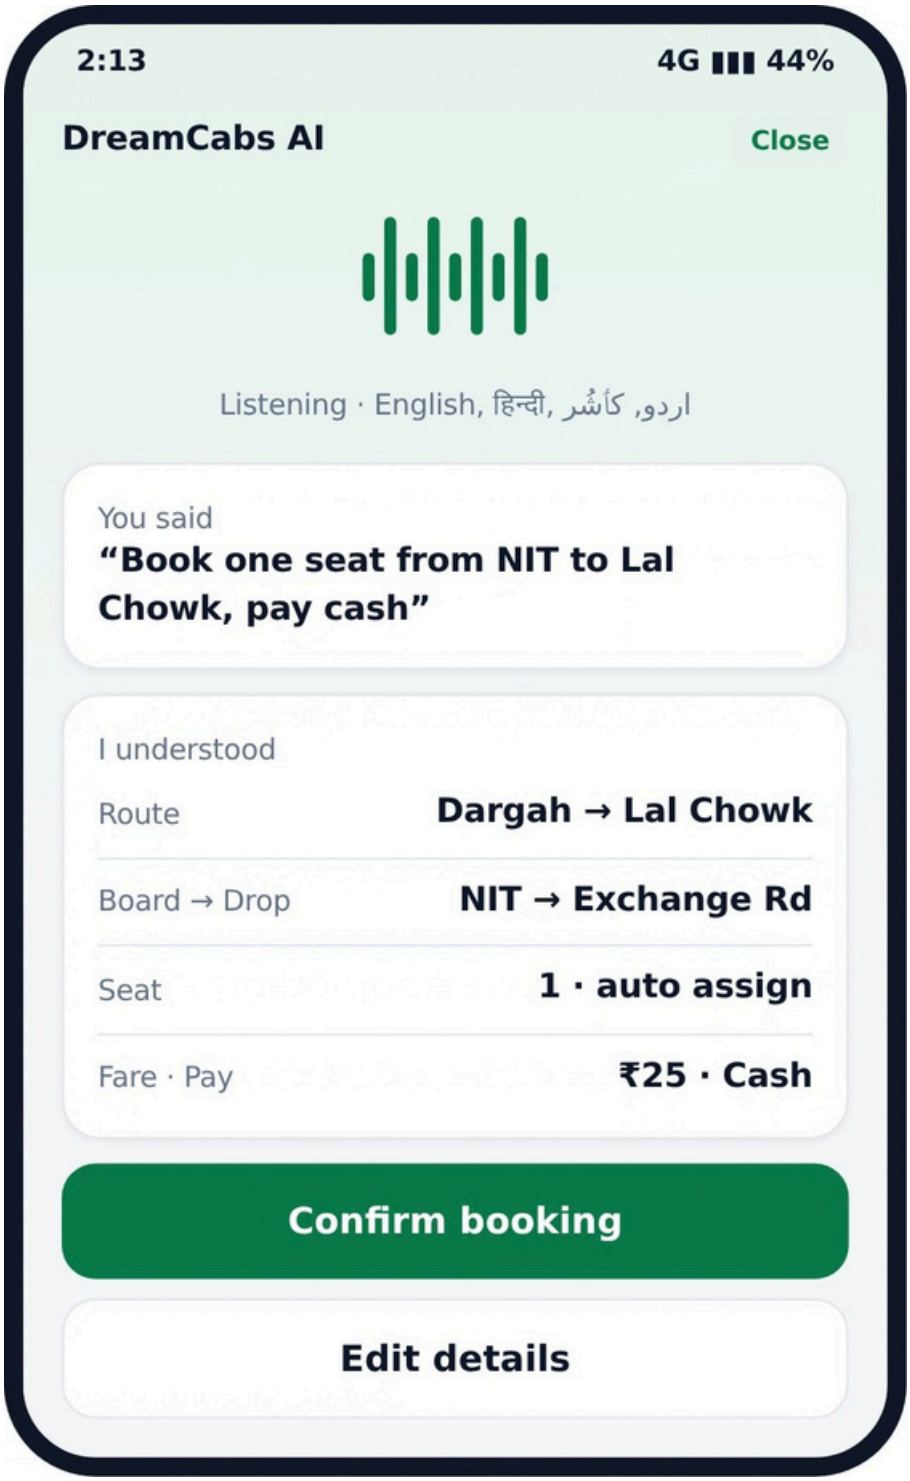

1.Ride types: Fixed, Private, Shuttle, Outstation, Pre-book

2.Banner carousel for offers, passes and referrals

3.Saved places and nearby departures with fare and seats left

4.How it works (3 steps) and the DreamCabs promise: fixed fare, cancel cover, women-safe, lost and found

2. AI voice booking

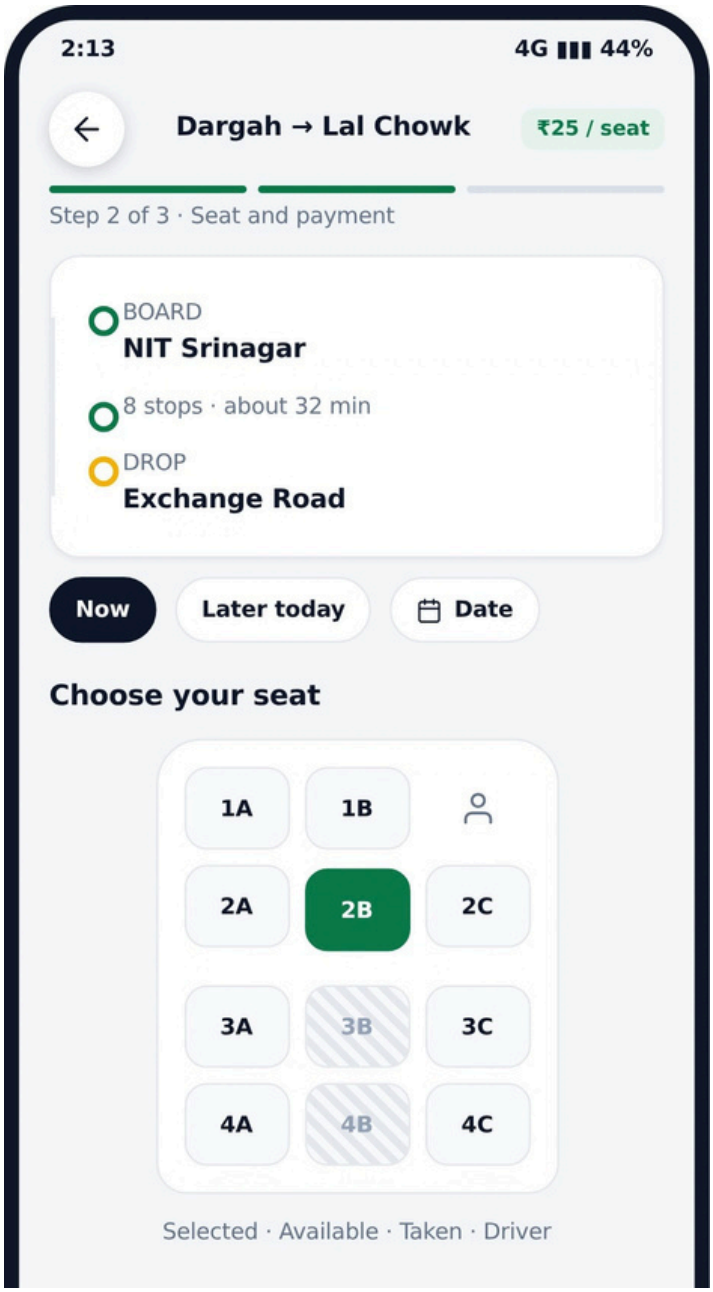

The rider speaks in their own language; the app shows what it understood before booking.

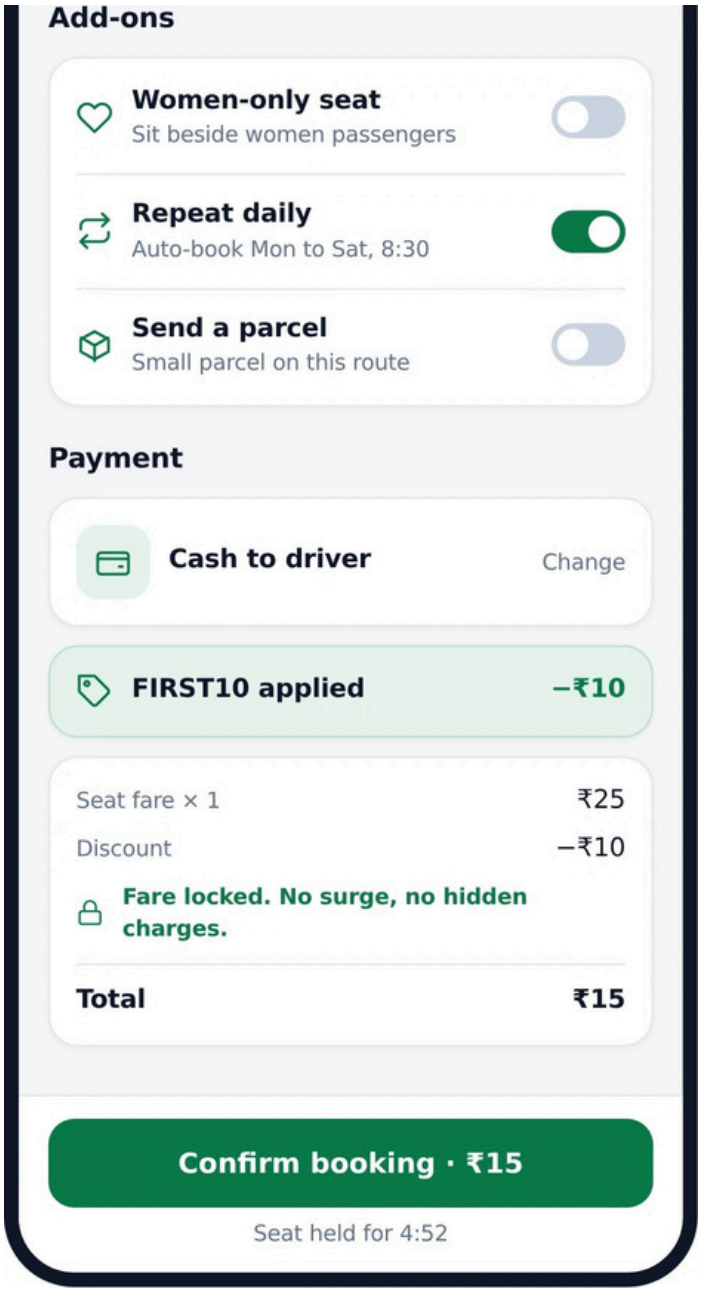

1.Languages: English, Hindi, Urdu, Kashmiri

2. Confirmation card: route, stops, seat, fare,payment

3.Nothing is booked until the rider taps Confirm

3. Booking

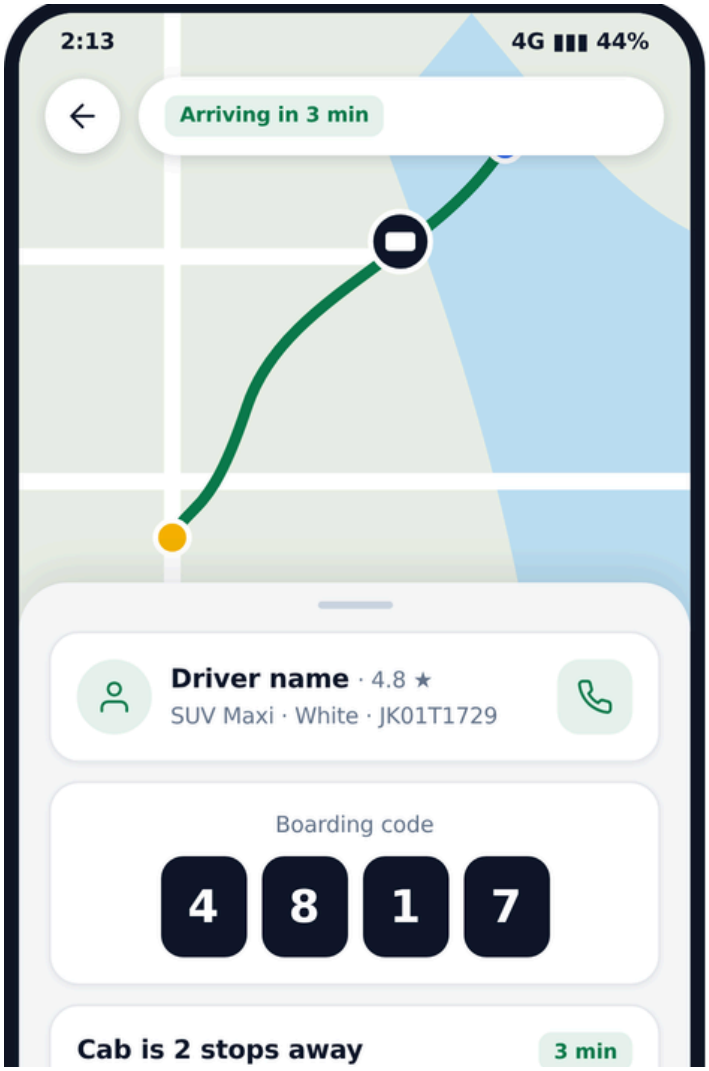

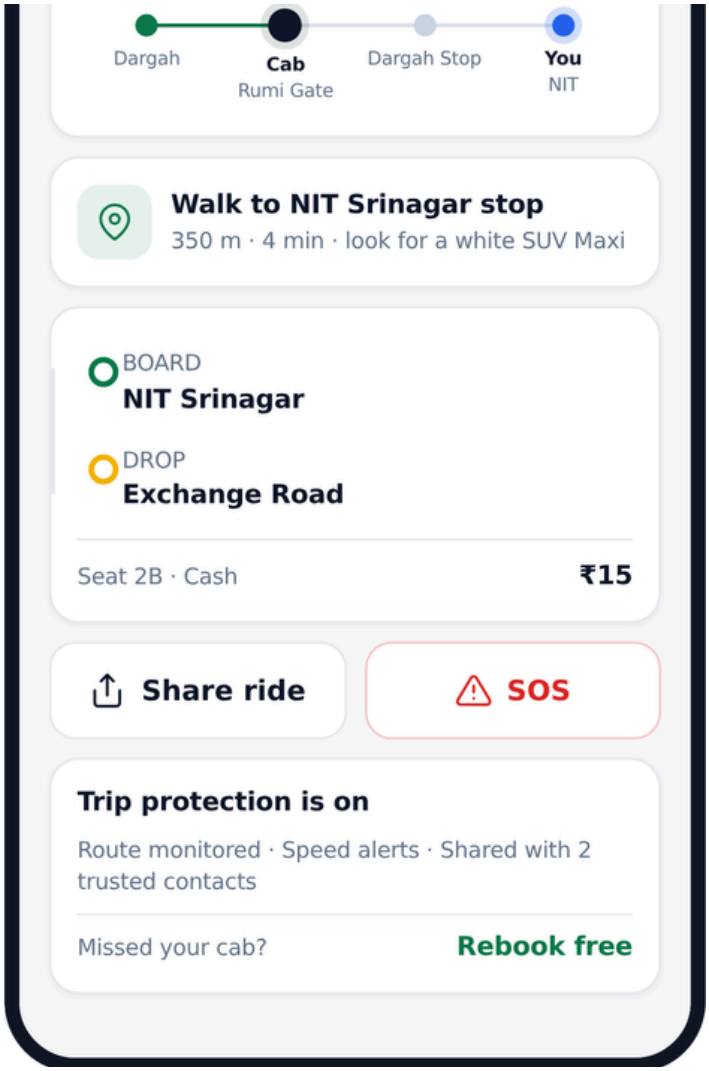

One screen for the trip, seat, add-ons and payment, with a fixed confirm button.

1. 3-step progress bar and a stop timeline (board and drop)
2. Vehicle-shaped seat map: selected, available, taken, driver
3. Add-ons: women-only seat, repeat daily, send a parcel
4. Fare lock line, coupon applied, seat hold timer

4. Live ride

The rider sees where the cab is and what to do next.

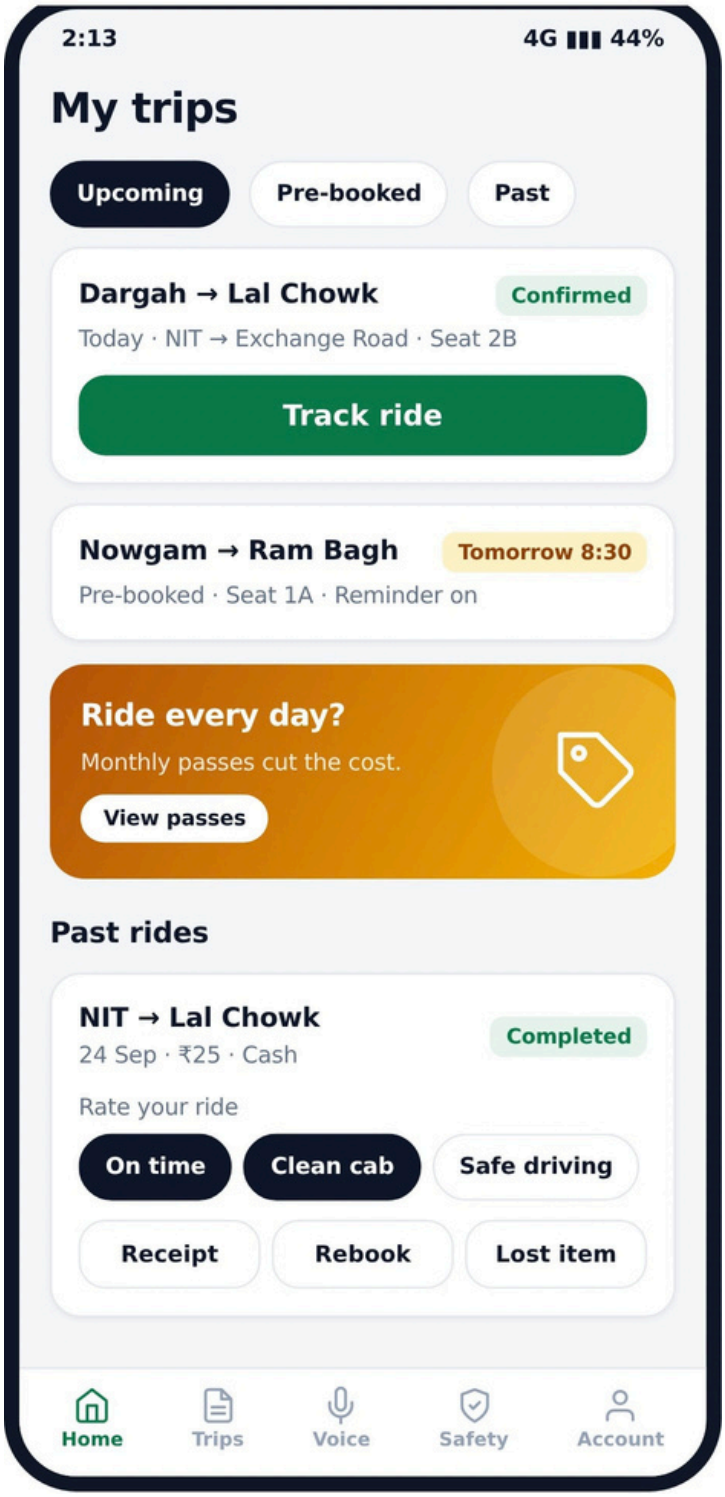

1.Route line: the cab's position by stops ("2 stops away")

2.Walk-to-pickup guidance and vehicle details

3.4-digit boarding code, driver call, Share ride, SOS

4.Trip protection status and free rebook if the cab is missed

5. My trips

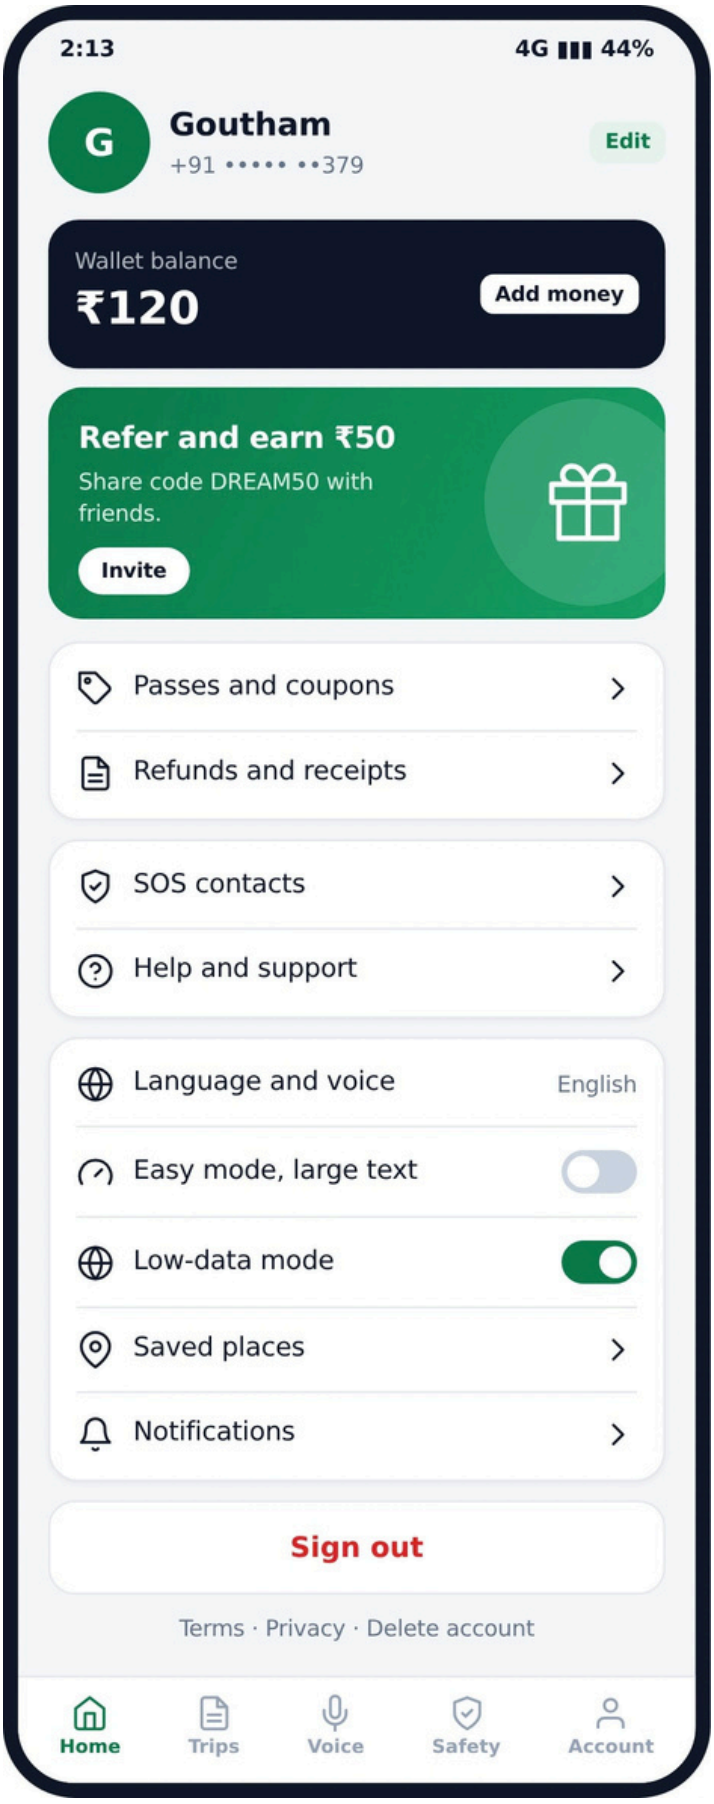

Upcoming, pre-booked and past rides in one place.

1.Track ride, modify or cancel a booking

2. Rate with quick tags (on time, clean cab,safe driving)

3.Receipt, Rebook and Lost item actions • Banner for monthly passes

6. Account

Wallet, offers and settings.
